# Safety Instructions

**IMPORTANT – Read the instructions carefully before use and keep for future reference.**

- **WARNING:** A child's safety is your responsibility.
- **WARNING:** Be aware of the risk of open fire and other sources of strong heat, such as electric bar fires, gas fires, etc. in the near vicinity of the cot.
- **WARNING:** Do not use the cot if any part is broken, torn or missing and use only additional or replacement parts obtained from the manufacturer or distributor.
- **WARNING:** Do not leave anything in the cot or place the cot close to another product, which could provide a foothold or present a danger of suffocation or strangulation, e.g. strings, blinds/curtain cords etc.
- **WARNING:** Do not use more than one mattress in the cot.
- **WARNING:** Do not place this cot in close proximity to heat sources, windows and other furniture e.g. open fires, radiators, gas and electric heaters etc.
- The lowest cot base position is the safest. The base should always be used in the lowest position as soon as the baby is old enough to sit up.
- The thickness of the mattress used shall be such that the internal height (surface of the mattress to the upper edge of the cot frame) is at least 500mm in the lowest position of the mattress base and at least 200mm in the highest position of the mattress base. Maximum thickness of 100mm.
- All assembly fittings should always be tightened properly, checked periodically and the care should be taken that no bolts are loose, because a child could trap parts of the body or clothing (e.g. strings, necklaces, ribbons for babies' dummies), which could pose a risk of suffocation and strangulation.
- The safety of the cot could be adversely affected by fitting flammable drapes.
- To prevent injury from falls, when the child is able to climb out of the cot, the cot should no longer be used for that child.
- Recommended mattress size is 120 x 60cm and the minimum mattress is 118 x 57cm, this is minimum size of mattress to be used with this cot. The length and width shall be such that the gap between the mattress and the sides and ends does not exceed 30mm.
- This Puggle Cot conforms to BS EN 716-1:2017+AC:2019.
- The Cot is suitable from birth, until the child is able to climb out of the cot.

Maximum mattress height when cot base is in its highest position.

Maximum mattress height when cot base is in its lowest position.
